DATE: January 7, 2010
TO: All Residents
FROM: Michael Williams – WCA Construction Manager
SUBJECT: Boardwalk Railing Modification and Repair

NOTICE

BOARDWALK CONSTRUCTION

WCA will be starting the boardwalk railing upgrade and modification on Monday, January 11, 2010.

This work will entail removing and replacing existing railings along the entire boardwalk, replacing various dry rotted deck boards and posts, and repairing and re-painting the wood in the flagpole sitting area.

This project will take approximately three (3) months from start to finish, with the flagpole sitting area closed entirely for half of this time.

The Boardwalk will remain open throughout construction.

Please feel free to use the boardwalk as you normally would, there will be signage and safety barriers for your protection.

If you have questions, please contact me at 510-655-2590.
